## 2. Using Danske 3D Secure

- 2.1 The Card is automatically enrolled for use with the Danske 3D Secure service, but the Cardholder's Mobile Phone Number must be recorded with us before Danske 3D Secure can be used. When the Cardholder uses Danske 3D Secure, these terms and conditions apply to the use of the Card when making a purchase or order with participating Merchants using the Card on the internet.
- 2.2 The Cardholder must ensure that his/her Mobile Phone can receive SMS at the time of purchase.
- 2.3 When the Cardholder uses Danske 3D Secure to purchase on the internet from a participating Merchant, he/she is presented with an electronic receipt and the One-Time Passcode is sent automatically to the Mobile Phone Number. The receipt will include the details of the internet purchase or order, such as a store name, purchase amount and date. The Cardholder will be asked to sign the receipt by entering the One-Time Passcode and clicking "Submit" to proceed with the purchase. Without the One-Time Passcode, the internet purchase cannot take place at participating Merchants. You can make up to three requests for the One-Time Passcode to be sent to you. If the One-Time Passcode is entered incorrectly three times consecutively, the Cardholder will not be able to proceed with the purchase.
- 2.5 If the Cardholder changes the Mobile Phone Number he/she must notify us immediately to ensure that our records are up to date.
- 2.6 The Cardholder, or, in the event that the Mobile Phone used is paid for by the Customer, the Customer will be responsible for any fees or charges imposed by the mobile phone service provider in connection with the use of Danske 3D Secure.

## 3. Security

- 3.1 We do not verify the identity of any participating Merchant nor make any statement about their goods or services or whether the Cardholder should contract with them.
- 3.2 The One-Time Passcode will only be valid for the purchase the Cardholder has received it for. The Cardholder is responsible for maintaining the confidentiality of the One-Time Passcode and must not give the One-Time Passcode to anyone else.
- 3.3 If the Cardholder suspects there has been an unauthorised internet transaction on the Account, he/she must notify us immediately in accordance with the terms and conditions for the Account.
- 3.4 We can stop the Cardholder from using Danske 3D Secure where we have a right under the terms and conditions for the Account or Card to refuse or stop a payment on the Account.

## 4. Changing the Terms and Conditions

- 4.1 We may at any time make any change to these terms and conditions.
- 4.2 We will give up to two months' notice (which will be sent by letter, or electronically where the Cardholder or Customer has registered to receive documents through the electronic mailbox in our online banking service) before the change is made. If we are not advised in advance of any objection to the changes, they will take effect on the date indicated. If the Cardholder or Customer does advise of an objection, there will be a right to terminate this arrangement without having to pay any extra fees or service charges.

## 5. Availability of Danske 3D Secure

- 5.1 We try to give a complete service at all times but do not guarantee it. We will not be responsible to the Cardholder or the Customer under these terms and conditions where any failure is due to abnormal or unforeseeable circumstances beyond our control or our obligation to comply with the law.

## 6. Ending Danske 3D Secure

6.1 Without prejudice to clause 3.4, we can terminate Danske 3D Secure by giving up to two months' written notice to the Customer (or less if permitted by law). We can do so in the following circumstances:

- (i) We have reasonable grounds to believe that the Customer is no longer using the Account;
- (ii) We are dissatisfied with the operation of the Account;
- (iii) Where the Customer has failed, within a reasonable period of time, to provide us with information which we may reasonably expect in connection with the operation of the Account;
- (iv) To comply with any amendment to law or regulation;
- (v) To ensure that our business is profitable and competitive and our product range enables us to achieve our business and strategic objectives.
- (vi) For any other valid reason provided that Account closure is a proportionate response to the underlying reason.

6.2 We can terminate Danske 3D Secure immediately if there is any justifiable financial or legal reason to do so including but not limited to the Bank having a suspicion that there is a threat to the security of its system or the Cardholder or Customer acting fraudulently or in an abusive or threatening manner with any of Danske Bank's staff. If we terminated in this way we will only do so after giving notice of our intention to do so. If it is not possible to make contact in advance to advise of our intention, we will do so as soon as possible thereafter.

## 7. Liability

7.1 When a payment is made using the Card, an instruction using the One-Time Password will be treated as the Cardholder's consent to comply with the instruction and as a valid and irrevocable instruction to us. The Cardholder is responsible for all instructions sent using the One-Time Passcode and for ensuring that the One-Time Passcode is kept secure. Further information about liability in relation to use of the Card is set out in the terms and conditions applicable to it.
