### 2. General

**2.1** We offer to make Direct Banking available to you and any Nominated User on the Terms and Conditions to allow you to access or carry out transactions on an Account through the Internet, a Device or by telephone. It is a condition of use of Direct Banking that the User accepts and obeys the Rules of Use, the stipulations of the User Guide and the Terms and Conditions, and any security procedures which we may specify from time to time through Direct Banking or otherwise. The User

agrees to follow the instructions in the Help Pages and the User Guide, as applicable. Separate terms and conditions will also apply to other online products and services made available to Users of Direct Banking, as well as the Terms and Conditions.

**2.2** We will provide you with an Access ID which is a security solution designed to give Account holders and Nominated Users secure access to Direct Banking. Through Direct Banking, you will be able to access your Account or Accounts and/or the Account or Accounts of other Account holders who have executed a Mandate or Mandates to authorise you to access and/or operate their Account(s) using Direct Banking.

**2.3** We may also allow you to use Access ID to prove your identity to us when you want to use other services including, for example, securities trading and Customer Support. If you use Access ID for such other services, you agree that your use will be subject to and will fully comply with the Terms and Conditions and any special terms and conditions applicable to such other services.

**2.4** Once you have agreed to accept the Terms and Conditions, you will be given a Password/PIN, a User ID and a security card which you can use to create your Access ID. Your Access ID is personal to you and you may not assign or disclose it to anyone else.

Failure to supply these will result in access being denied.

**3.2** You will be given or sent your initial Password/PIN, Security Card and User ID. If any of these are posted to you, they may be sent to you separately for security reasons. You can access Direct Banking using Access ID as soon as you have received all of the components.

**4.2** Once you have created your new Password/PIN, that Password/PIN will form part of your Access ID. You will then use your new Password/PIN, security card and User ID each time you want to access Direct Banking.

**4.3** If you have not created your new Password/PIN within two months of receiving the letter from us containing the initial Password/PIN, you may need to
